Important information about arrangements in the event of the Resident's death

The following paragraphs 1 to 10 identify important aspects of what this Agreement says is to happen if the Resident dies during the term of this Agreement. These paragraphs are meant to assist understanding, but are not a substitute for reading the relevant clauses of this Agreement.

1. The Home will charge (and the Resident's estate and/or Third Party Payer, as applicable (the "**relevant payer**") will need to pay) the normal Service Fees for 3 days after the day of the Resident's death, unless the Home is requested, and agrees, in writing (which may be by email) to allow a longer period than those 3 days for collecting possessions (please see paragraph 3 below).
2. The Home will charge (and the relevant payer will need to pay) the normal Service Fees for fewer than 3 days to the extent the room becomes occupied by a new resident within the 3 day period.
3. The Home understands that for some families, 3 days to clear the Resident's room may be insufficient, so if the Home is requested to do so it may be possible for the Home to extend the period by mutual agreement in writing (which may be by email). A request to extend the room clearance period should be made in writing (which may be by email) to the Home's General Manager and the Home shall not unreasonably withhold its consent to such an extension, though please note that the Home will charge (and the relevant payer will need to pay) Service Fees for the period of any agreed extension.
4. The Home will usually refund (within 28 days after the day of the Resident's death) fees paid in advance for any period after the period for which Service Fees are payable after death.
5. If the Resident's possessions have not been removed within the agreed timescale, the Home may have to remove any personal possessions from the room in order to allow for a new resident to occupy the room, and the Home will give notice if that is to happen.
6. If the Resident's possessions still remain uncollected, there may be a point where, because of lack of space for storing possessions, the Home needs to use external storage options, and again the Home will give notice if that is to happen.
7. If the Resident's possessions still remain uncollected after 28 days after the day of the Resident's death, the Home shall give notice that if they are not collected within 7 days the Home may arrange for sale or other disposal of such items.

8. Any third party removal, storage and insurance costs incurred by the Home for external storage will need to be paid to the Home by the relevant payer, and the Home will give advance notice of how those costs will be calculated.
9. Any money received from the sale of items will be reimbursed to the Resident's estate, after the deduction of the Home's reasonable costs of sale, within 30 days after the sale.
10. If at the time of death the Resident is benefitting from NHS "funded nursing care contributions" (FNC), there is no need to pay fees to replace that NHS FNC funding for days after the Resident's death.

The following information about the Point of Contact on Death chosen by the Resident needs to be completed when this Agreement is signed. The Resident or Resident's Attorney/Court Deputy should please notify the Home if at any time the Resident wishes to change these details.

Point of Contact on Death's surname	
Point of Contact on Death's first and middle names	
Point of Contact on Death's email address	
Point of Contact on Death's telephone contact number

3. to comply with all instructions issued by the Home from time to time for the safe, comfortable and efficient running of the Home; and

4. that all of the Resident's friends or family who visit the Resident at the Home will comply with all instructions issued by or on behalf of the Home for the safe, comfortable and efficient running of the Home and that any such person who fails to comply with such instructions may be required to leave the Home immediately.

1. Care services

- 1.1 Prior to admission the Home's General Manager or another member of the Home's team will carry out an assessment of the care needs of the Resident. From this assessment a Service Fee will be calculated based on the needs of the Resident.
- 1.2 Within 7 days after admission, the Home's General Manager or another member of the Home's team, working with (so far as practicable) the Resident, family and others who have been involved with the Resident's care, will carry out a full assessment of the care needs of the Resident and formulate a Care Plan ("**Care Plan**") and may adjust the Service Fee accordingly.
- 1.3 The Care Plan will be reviewed regularly to monitor the effectiveness of the care delivered against the Care Plan and whether it remains appropriate for the needs of the Resident. The Home may then adjust the Care Plan as appropriate (again with, so far as practicable, the Resident, family and others who have been involved with the Resident's care) and may adjust the Service Fee accordingly.
- 1.4 When the Resident arranges for a Medical Practitioner to visit, the Home will, where practical, facilitate the visits. Similarly, when the Resident is accessing NHS services, the Home will endeavour to assist, including assisting with the supply of NHS medication.

2. Permanent and Respite residency and Trial period

- 2.1 Except where otherwise stated, this Agreement applies to both Permanent residencies and Respite residencies. The Agreement Details at the front of this Agreement will say whether the Resident's admission is on a Permanent or Respite basis. In most cases a Respite residency is usually for no more than 28 days.
- 2.2 For Permanent residencies, the Resident will be admitted to the Home for an initial 28 day trial period. During the trial period either party may terminate this Agreement by giving the other party written notice whereupon the Resident must vacate the room and leave the Home immediately and all sums due to the Home from the Payer which have not been paid must be paid on, or before, that date. If the Resident fails to vacate the room and leave the Home as required by this clause 2.2, the Payer will be charged for, and shall pay:
 - 2.2.1 Service Fees for the period of such failure until the Resident vacates the room and leaves the Home; and
 - 2.2.2 any costs arising because of the Resident's failure to leave when required (including, without limitation, for any care provided) that are not covered by the Service Fees payable under sub-clause 2.2.1 above.

3. Services and facilities

Subject to payment of the Service Fees by the Payer, services and facilities to be provided will include the following:

3.1 Accommodation

The Resident will be accommodated in a furnished room for personal occupation and will have access to all communal facilities in the Home. The Resident will be occupying the room solely for the purpose of the care and other services provided by the Home and the Resident will not be entitled to exclusive possession of the room or any part of it. The Resident's residence in the Home does not constitute any tenancy or any other property right in relation to the Resident's room.

The Home shall have the right to transfer the Resident to other accommodation within the Home (for example, because of the Resident's medical or other care needs changing, or for social, practical or other significant reasons, including the repair, maintenance, decoration or refurbishment of the room or the Home). Where reasonably possible, this will be carried out after consultation with the Resident, but ultimately the decision will be the Home's.

3.2 Nutritional services

Provisions are provided on a full board basis and include all meals and beverages as described in the Home's brochure and on its website from time to time. Any special dietary needs of the Resident should be communicated to the Home's General Manager before admission.

The Home does not accept responsibility for food or beverages that are not provided by the Home, including any brought into the Home by others.

3.3 Laundry services

A laundry service will be provided to include laundering of clothing, bed linen and towels. Alternative arrangements should be made with the Home's General Manager for valuable items of clothing or those requiring specialist cleaning.

3.4 Property and Insurance

This clause 3.4 applies to property of any nature belonging to the Resident (including but not limited to furniture, clothing, cash, dentures, spectacles, hearing aids, phones, tablets/computers, jewellery, other valuables etc) ("**Resident's Property**").

Neither the Home nor the Home's General Manager or any other member of the Home's team can accept any responsibility whatsoever for any Resident's Property being lost, mislaid or otherwise damaged unless caused by negligence or fraud or breach of this Agreement by the Home or any of its team.

The Home has a safe for small amounts of cash only. Cash deposited must be signed in and receipted.

The Resident's Property (other than small amounts of cash held in the Home's safe) is at the Resident's risk, except in the case of negligence or fraud or breach of this Agreement by the Home or any of its team.

The Resident should make such arrangements for insurance as the Resident thinks fit and the Home is not responsible for arranging, or advising in relation to, any such insurance.

4. Additional Services included in the Service Fee

The following additional services will be provided subject to payment of the Service Fee.

4.1 Hairdressing services

Hairdressing services will be provided by a hairdresser arranged by the Home and will include up to one cut and blow dry, wet cut or shampoo and set per week.

Additional services (for example, permanent waves and colour) beyond these will be chargeable as additional fees to (as indicated in the Agreement Details at the front of this Agreement) the Resident or the Third Party Payer at charge rates that can be obtained on request from the Home.

4.2 Manicure services

Manicure services will be provided by a therapist arranged by the Home and will include up to one manicure per week.

Additional services beyond these will be chargeable to (as indicated in the Agreement Details at the front of this Agreement) the Resident or the Third Party Payer at charge rates that can be obtained on request from the Home.

4.3 Pedicure services

Pedicure services will be provided by a therapist arranged by the Home and will include up to one pedicure per month.

Additional services beyond these will be chargeable to (as indicated in the Agreement Details at the front of this Agreement) the Resident or the Third Party Payer at charge rates that can be obtained on request from the Home.

4.4 Chiropody services

Chiropody services will be provided every 8 weeks by a chiropodist arranged by the Home.

Additional services beyond these will be chargeable to (as indicated in the Agreement Details at the front of this Agreement) the Resident or the Third Party Payer at charge rates that can be obtained on request from the Home.

5. Fees and financial circumstances

5.1 In this Agreement “Payer” means:

- 5.1.1 the Resident where the Resident is paying all fees due under this Agreement;
- 5.1.2 the Third Party Payer named in the Agreement Details at the front of this Agreement where such Third Party Payer has agreed to pay all the fees due under this Agreement;
- 5.1.3 the Resident and the Third Party Payer named in the Agreement Details at the front of this Agreement where such Third Party Payer has agreed to pay part of the fees due under this Agreement and the Resident is to pay the rest of the fees due under this Agreement,

and “Service Fee” means the fees payable by the Payer for the accommodation and services provided under this Agreement except where it is indicated that an additional fee is payable.

Fees for Respite residencies

- 5.2 If the Resident is to stay at the Home on a Respite basis, the Service Fee payable will be as set out in the Agreement Details at the front of this Agreement and must be paid in full before the Resident is admitted to the Home.
- 5.3 For Residents who have been admitted to the Home on a Respite basis, but stay at the Home for less than the Respite residency period set out in the Agreement Details at the front of this Agreement, the Service Fee payable for the Respite residency is not refundable except in the following cases. If the Resident validly terminates this Agreement early by giving not less than 7 days’ notice in writing to the Home on the ground of the Home’s material breach of this Agreement and leaves the Home at the end of the notice, the Home will refund the part of the Service Fee paid in advance for the period after the Resident has left the Home.
- 5.4 As soon as the agreed period of any Respite residency ends, the Resident must vacate the room and leave the Home immediately and all sums due to the Home from the Payer which have not been paid must be paid on, or before, that date. If the Resident fails to vacate the room and leave the Home as required by this clause 5.4, the Payer will be charged for, and shall pay:

- 5.4.1 Service Fees for the period of such failure until the Resident vacates the room and leaves the Home; and
- 5.4.2 any costs arising because of the Resident's failure to leave when required (including, without limitation, for any care provided) that are not covered by the Service Fees payable under sub-clause 5.4.1 above.

Fees for Permanent residencies

- 5.5 The first Service Fee will be invoiced for the period from the date the Resident moves to the Home to the calendar month end and payment will be collected with the first monthly direct debit. Subsequent fees will be invoiced monthly in advance on or about the 1st working day of each month, will be payable in advance each month by the Payer by Direct Debit and will be collected via Direct Debit on or about the 5th working day of each month.
- 5.6 In addition to the advance payment of Service Fee, a deposit equal to 4 weeks' Service Fee must be paid by the Payer before the Resident moves into the Home. This deposit may be used by the Home, in its absolute discretion, towards payment of sums owed by the Resident or other Payer to the Home, including (without limitation) for:
 - 5.6.1 unpaid fees;
 - 5.6.2 sums for damage to the Home;
 - 5.6.3 the Service Fees for 3 days (or any longer number of days that is requested and mutually agreed in writing in accordance with clause 6.3.2 below) that are payable after death as referred to in clause 6.3 below, less any refund due under clause 6.4 below;
 - 5.6.4 the final Service Fees during any termination notice period; and
 - 5.6.5 any Service Fees or other sums payable because the Resident does not leave the Home at the end of any termination notice period (as referred to in clauses 2.2, 5.4 and 8.4),and any balance not so used will be refunded after termination of this Agreement. No interest will be paid on this deposit.
- 5.7 Service Fees are reviewed every March by the Home and the Home shall be entitled to increase the Resident's Service Fee annually (usually with effect from 1st April) in the light of:
 - 5.7.1 changes in the care provided to the Resident, for example if the Resident's care needs have increased; and/or
 - 5.7.2 increases in the Home's costs resulting from inflation; and/or

- 5.7.3 other increases in the Home's running costs.
- 5.8 In addition, during any year, the Home shall be entitled to increase the Resident's Service Fee in the light of:
- 5.8.1 changes in the care provided to the Resident, for example if the Resident's care needs have increased or where short term extra or specialist care (e.g. 1 to 1 care) or equipment is provided to the Resident; and/or
- 5.8.2 material increases in the Home's running costs resulting from the introduction of new or amended legislation which were not foreseen when the most recent annual review took place; and/or
- 5.8.3 material increases in the Home's costs resulting from inflation or other factors which were not foreseen when the most recent annual review took place.
- 5.9 (Except where increases to the Resident's Service Fee are to reflect changes in the care provided to the Resident as referred to in clause 5.8.1, which will take effect from the date when such care increases are notified to the Resident and any other Payer) at least 28 days' written notice will be given to the Resident and any other Payer before any revised Service Fee takes effect.
- 5.10 During a temporary absence from the Home, such as a visit to hospital, fees remain payable in full. The Home will review and, in its absolute discretion, decide whether this shall continue if the absence extends beyond a consecutive 6 week period.
- 5.11 The Home shall have the right to charge interest for any payment that is outstanding more than 28 days after the date of invoice except to the extent that such delay in payment is the fault of the Home. If charged, interest will be charged at 4% above the Barclays Bank base rate from time to time. Furthermore, the Home is also entitled to recover in full from the Payer all legal fees, administration costs and other expenses incurred in pursuing payment of any overdue fees and other sums payable under this Agreement that are not paid on time in accordance with this Agreement, including without limitation in relation to taking security by way of a charge over property in relation to sums payable under this Agreement or otherwise in respect of the Resident.

Financial advice and changes in financial circumstances

- 5.12 The Company strongly recommends that the Resident and any other Payer obtains advice from a suitably qualified financial adviser before the Resident's admission to the Home. The Company shall not be responsible for the advice or other services of any such adviser.
- 5.13 If at any time the financial circumstances of the Resident or any other Payer change (for example, changes to the value of assets or available money) in such a way that it

is reasonable to think that paying the Service Fees or other sums under this Agreement is likely to become difficult, the Resident or other Payer must inform the Home in writing promptly about the changes.

Court of Protection

5.14 The Home understands that in some cases, payment of fees may be delayed while a Court of Protection application is being processed. If this is happening for the Resident, it is important that a member of the Resident's family notifies the Home in writing of the application's progress and that a member of the Resident's family makes arrangements to pay all outstanding fees in full once the application is finalised. The Home will have the right to charge interest under clause 5.11 above during any period in which fees remain unpaid. Furthermore, the Home is also entitled to recover in full from the Payer all legal fees, administration costs and other expenses incurred in relation to any such Court of Protection application or in relation to taking security by way of a charge over property in relation to sums payable under this Agreement or otherwise in respect of the Resident.

Local Authority funding

5.15 If at any time after the Resident's admission to the Home, the Resident is to receive Local Authority funding towards his or her fees for residence at the Home and that Local Authority funding is, is proposed to be or becomes, for whatever reason, less than the Service Fee for:

5.15.1 the room at the Home that the Resident is occupying; and

5.15.2 the other items covered by the Service Fee,

the Home shall have the right to require that the Resident or any other Payer shall procure that:

5.15.3 a third party Payer enter into a Contribution Agreement; and/or

5.15.4 in the circumstances which, from time to time, it is legally permissible for the Resident to do so (see clause 5.16 below), the Resident enters into a Contribution Agreement,

and in this Agreement "**Contribution Agreement**" means an agreement with the Local Authority in which such third party Payer or the Resident (as the case may be) agrees to pay the difference between the amount, or proposed amount, of the Local Authority funding and the Service Fee. Failure by the Resident or other Payer to comply with this clause 5.15 may result in the Home exercising its right to terminate this Agreement and require the Resident to vacate the Room and leave the Home on not less than 28 days' notice in accordance with clause 8.3.1.

5.16 On 1 June 2018, the circumstances referred to in clause 5.15.4 were as follows:

- 5.16.1 during the first 12 weeks of a Permanent stay at the Home when any property is being disregarded by the Resident's local authority in determining the Resident's eligibility for funding by such local authority for the Resident; or
- 5.16.2 where there is a "deferred payment agreement" in place in relation to the Resident (this is the usually an agreement between the Resident and the Resident's local authority) but this is subject to the terms of the "deferred payment agreement"; or
- 5.16.3 where the accommodation to be provided to the Resident by the Home is accommodation provided under section 117 of the Mental Health Act 1983 for the Resident,

but the above circumstances may change in the future, and if they do the Home tell the Resident when requiring the Resident to enter into a Contribution Agreement.

NHS Continuing Health Care (CHC) funding

5.17 If on or following admission to the Home the Resident is assessed as eligible for NHS 'Continuing Health Care' ("CHC") funding and the amount of that CHC funding is, is proposed to be or becomes, for whatever reason, less than the Service Fee for:

- 5.17.1 the room at the Home that the Resident is occupying; and
- 5.17.2 the other items covered by the Service Fee,

the Home may exercise its rights not to accept the Resident into the Home or to terminate this Agreement and require the Resident to leave the Home on not less than 28 days' notice in accordance with clause 8.3.1 unless an arrangement acceptable to the Home is made for the Home to be paid the entire Service Fee or for the services that the Home provides to the Resident to be reduced to bring the Service Fee into line with the CHC funding.

Cessation of Local Authority or CHC funding

5.18 If, at any time before the Resident's death, Local Authority or CHC funding for the Resident ceases (whether for past or future residence at the Home), the Payer will be liable for the entirety of the Service Fees, except for amounts that the Local Authority or CHC funding has paid.

NHS funded nursing care contribution (FNC)

5.19 Where the Resident becomes entitled to receive a Funded Nursing Care Contribution ("FNC") payment from a Clinical Commissioning Group towards nursing care fees, the Resident shall to the extent possible direct that such FNC is paid directly to the Company. If the Company actually receives an FNC payment from a Clinical Commissioning Group towards nursing care fees for the Resident, the Company will

apply a credit equal to the amount of such FNC payment the Company actually receives against the Service Fee charged for the Resident, but the Payer will still be liable to pay the balance of the Service Fee except as stated in clause 5.20 below where the Resident has died.

5.20 In respect of the Service Fees referred to in clause 6.3.1 below for 3 days (or a longer period if agreed in writing in accordance with clause 6.3.2 below) that are payable after death of the Resident, the daily amount of Service Fee payable by the Payer will continue to be reduced by an amount equal to the daily amount of any FNC payment that the Company receives towards nursing care fees for the Resident in respect of the day immediately before the Resident's death.

5.21 The Company will, where practicable, inform the Payer as soon as is reasonably practicable, of any FNC to be paid by any Clinical Commissioning Group that the Company is aware of. Any FNC payments that the Company may be able to receive may change over time and the Company will notify the Payer of any changes as soon as reasonably practicable after becoming aware of them.

6. Fees after death and removal of possessions after death

6.1 For the avoidance of doubt, where arrangements are put in place under which the Service Fees for the Resident are being paid wholly or partly by a Local Authority or by NHS 'Continuing Health Care' ("**CHC**") funding, this Agreement would have been replaced with a separate "publicly funded" agreement which would apply instead of this clause 6 and the rest of this Agreement.

6.2 In this clause 6:

6.2.1 references to the "**Relevant Payer(s)**" mean:

6.2.1.1. (to the extent the Resident is the "Payer" under this Agreement) the Resident's estate; and

6.2.1.2. (to the extent any Third Party Payer is the "Payer" under this Agreement) the Third Party Payer; and

6.2.2 references to the "**Point of Contact on Death**" mean the person identified as the Point of Contact on Death for the Resident in this Agreement or such other person as from time to time is notified to the Home, by or on behalf of the Resident, as being the Point of Contact on Death.

Fees after death

6.3 In the event of death of the Resident, the Home will charge, and the Relevant Payer(s) shall pay, the daily proportion of the weekly Service Fees (but please see clause 5.20 above for the reduction of Service Fees payable after death where there was FNC funding for the Resident immediately before the Resident's death):

- 6.3.1 for 3 days after the date of the Resident's death (unless a longer period is agreed as referred to in clause 6.3.2 below) except for any period after a new resident begins occupying the room that the Resident occupied; and
- 6.3.2 for any longer number of days after the date of the Resident's death that is agreed in order to allow longer for the collection of the Resident's personal possessions from the Home and in accordance with clause 6.5 below - i.e. where:

Written Request

6.3.2.1. (in accordance with clause 6.5.2.1 below) a longer number of days for the collection of the Resident's personal possessions from the Home is requested in writing (which request may be, but need not be, by email) by:

- (a) the Point of Contact on Death; or
- (b) (if there is one) the Third Party Payer; and

Written Agreement

6.3.2.2. (in accordance with clause 6.5.2.2 below) as a result of such request, a longer number of days for the collection of the Resident's personal possessions is mutually agreed in writing (which may be, but need not be, by email) by the Home and:

- (a) the Point of Contact on Death; and
- (b) (if there is one) the Third Party Payer,

(and the Home shall not unreasonably withhold its agreement to such an extension),

but no weekly Service Fees shall be charged for days after the relevant period under clause 6.3.1 or (as the case may be) clause 6.3.2 above applicable to the Resident. However, please see clauses 6.7 and 6.8 below for details about third party removal, storage and insurance costs that may be charged if the Resident's estate, family or other representatives do not collect the Resident's possessions within the time period required by clause 6.5 below.

6.4 There shall be a refund of any advance payment of Service Fees to the extent it covered a period after:

6.4.1 the relevant period under clause 6.3.1 above; or (as the case may be)

6.4.2 clause 6.3.2 above,

except to the extent that there are sums due to the Home from the Resident or other Payer that the Home does not hold sufficient deposit under this Agreement to discharge, taking account of other sums which such deposit will be needed to discharge. Any such refund due for payment will be paid to the Relevant Payer(s) within 28 days after the day of the Resident's death except that there may be a delay if the Home has not been given the necessary information about where to send the refund to.

Removal of possessions after death

6.5 In the event of death of the Resident, it is the Resident's estate's responsibility to ensure that all the Resident's personal possessions are collected from the Home:

6.5.1 during the period of 3 days after the date of the Resident's death (unless a longer period is agreed as referred to in clause 6.5.2); or

6.5.2 during any longer period of days after the date of the Resident's death for the collection of the Resident's personal possessions that:

Written Request

6.5.2.1. is requested in writing (which request may be, but need not be, by email) by:

(a) the Point of Contact on Death; or

(b) (if there is one) the Third Party Payer; and

Written Agreement

6.5.2.2. as a result of such request, is mutually agreed in writing (which may be, but need not be, by email) by the Home and:
